

SUMMIT ACADEMY SCHOOLS

are guided by the belief that every child can learn in the proper educational environment. Our programs are united by a unique and innovative curriculum that makes this belief a reality.

Our school teachers and staff are dedicated to providing each child with a holistic, individualized education. They are all trained to thoroughly understand the specific academic and social challenges that children with learning difficulties like Asperger's Syndrome and AD/HD face every day. The results are increased self esteem, an enhanced ability to focus and a chance for your child's long-term success.

Canton Summit Academy

Give your children
the educational
opportunity
they deserve!

A FREE, Public School
for children with
Asperger's Syndrome, AD/HD
and related disorders.

**NOW ENROLLING STUDENTS
FIVE YEARS AND OLDER**

Summit Academy Community School acknowledges and values the differences among us, and will not discriminate on the basis of race, gender, color, religion, national or ethnic origin, or otherwise qualified persons with disability in the administration or our employment, educational or admissions policies, scholarship program or any other program or project area of the school.

Each Summit Academy School is
a 501 (c)(3) non-profit organization.

Summit Academy

**Give your child
a unique learning foundation
that lasts a lifetime!**

LOW teacher-to-student ratio and smaller class size.
Highly qualified teachers and administrative/support staff.
Therapeutic curriculum and targeted social skills training.
Small learning groups balanced with structured activities that keep classes engaging and productive.
Safe and nurturing school environment.
Regular reviews of your child's carefully developed Individualized Education Plan (IEP)
Proven classroom accommodations and intervention strategies to promote positive behaviors.
Solid academic curriculum that is fully aligned with the State of Ohio Content Standards.
Innovative programs and delivery prepare the student for college, technical school, a meaningful career, and to become a productive citizen.
Integration of the latest instructional technology into classrooms and using web-based curriculum to enhance the learning of all students.
